The founders of 4US

After graduating from the Air Force Academy, **Kim and Diego Wendt** spent 25 years flying life-saving support to front line troops. From humble beginnings, our impact has grown from delivering 5 machines per year to centers in the Pacific Northwest to supporting 100 centers annually across the nation. 4US provides centers with life-saving technology via Adopt-a-Center, and with life-saving support through our service corps, Lifeguards. **Join the mission.**
